

RIK BARWICK

Artist & Designer For Good People

“Putting the creative soul into the souless”

I am an independent, award-winning artist and designer providing remote graphic & digital design services from my Suffolk studio to clients across the UK.

I am pivoting my work and am bringing more Art into my Designs – allowing for more play and stronger ideas. I am opening doors I didn't know were there – finding skills I had forgotten and rekindled the creative fire that used to burn so bright to guide my way.

I provide clients with creative work that pushes their boundaries and what they thought was possible, turning their customers on and delivering results.

I have over 18 years experience designing digital experiences through research, data and my obtained experience from years in design.

I have worked in the digital space for all kinds of clients and agencies - big and small, local and international.

I ran my own agency 'Creativitea*' for 8 years where I managed a core team of 4 designers and a few freelance consultants. I also worked hand in hand with our clients providing them quality of service whilst leading pitches for new clients. Tea* was a great success working with amazing clients and earning recognition at award shows. We won two A* Design Awards in Italy and were finalists in the local Surrey Business Awards.

I am now a very rounded designer busily working with clients of all shapes and sizes.

I am educated in traditional graphic design and have a love for conceptual work and

typography. I love transferring this passion to the digital medium. I'm honest, brave and have an opinion.

I live outside London, proudly on a hill in Suffolk. I met my wife when we were just 15. We've always supported each other and have been blessed with 3 sons, 1 cat and 3 chickens - all are free range.

I have a broad range of experience in many industries and design principles.

A few client highlights are; Atari, Activision, Buyapowa, Carphone Warehouse, Electronic Arts, Experian, HSBC, GSK, Gfinity, Maximuscle, Marchon & Vodafone.
